

Foundation for promoting Information and Communication Technology (ICT Foundation), Constanta, Romania, was awarded the "2015 Academy Curriculum Excellence Award" in recognition of CCNA Curriculum Excellence and lasting contribution to the Cisco Networking Academy program®, by the Cisco Networking Academy, last April 16, 2016. The annual Academy Curriculum Excellence award is presented to one academy in each region for achieving excellence in teaching a curriculum. The Cisco Networking Academy program uses a rigorous process to select academies for this award based on several criteria. Assoc. Prof. Eugen Petac, Ph.D., received the award on behalf of the ICT Foundation.
